

# WALK OVER PROFILE: PRINTC-G

## CHARACTERISTICS

Rigid high impact resistant in aluminum and PMMA profile complete with a white PC diffuser cover.  
The profile is walk over and complete with a guide to facilitate insertion of the strip. This adds strength and protection to the strip.

## CAN BE USED WITH LED STRIPS WITH MAXIMUM WIDTH:

13 mm.

## MAXIMUM POWER:

15W/m

## ACCESSORIES INCLUDED

Every 1 metre bar is complete with a set of end caps (with and without hole) and a set of mounting clips.

## INSTALLATION

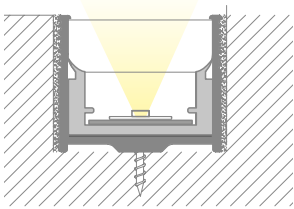

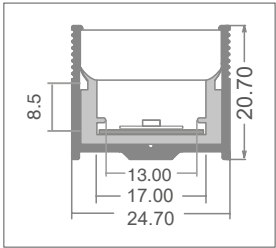

It is recessed into the cement and fixed with the clips.

## NB

Can be used with IP20 or IP68 strips. For IP68 strips the connector is installed outside the profile

## PACKAGE

Supplied in packages of 5 bars, each one measuring 1 meters complete with screen and accessories. Spare accessories available with separate code
