

WALK OVER PROFILE: PRINTC-G

CHARACTERISTICS

Rigid high impact resistant in aluminum and PMMA profile complete with a white PC diffuser cover.

The profile is walk over and complete with a guide to facilitate insertion of the strip. This adds strength and protection to the strip.

CAN BE USED WITH LED STRIPS WITH MAXIMUM WIDTH:

13 mm.

MAXIMUM POWER:

15W/m

ACCESSORIES INCLUDED

Every 1 metre bar is complete with a set of end caps (with and without hole) and a set of mounting clips.

INSTALLATION

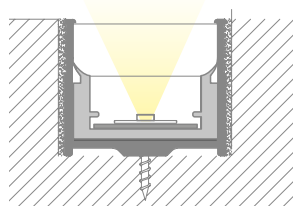

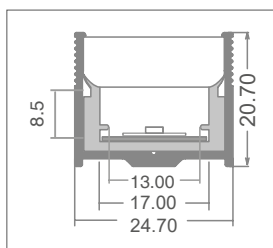

It is recessed into the cement and fixed with the clips.

NB

Can be used with IP20 or IP68 strips. For IP68 strips the connector is installed outside the profile

PACKAGE

Supplied in packages of 5 bars, each one measuring 1 meters complete with screen and accessories. Spare accessories available with separate code
